

What science looks like in the 21st Century

The Loyola Science Complex at Concordia University Opening in September, 2003

The opening of the Loyola Science Complex marks the start of a new era for science at Concordia University's Faculty of Arts and Science.

- More than 33,000 square metres of space, spread out over seven floors
- Laboratories outfitted with state-of-the-art equipment
- Floor plans that foster collaboration between disciplines
- Service corridors to maximize safety
- Office space for graduate students and post-doctoral fellows
